

Dr Maryam Hashemi

Assistant Professor of Pharmaceutical Biotechnology

**Research Center, School of Pharmacy, Mashhad University of Medical Sciences, Address:
Mashhad, Iran**

Tel:05137112470

Fax:05137112470

Updated at: 6/28/2016

Educational Background and

Pharm.D Thesis: (1999)

Standardization of Topical Preparations (gel, cream, ointment) from Aloes (Dried latex of Aloe).

Supervisor: Dr Noaman Khalili

Mashhad University of Medical Sciences, School of Pharmacy

PhD Thesis: (2005-2010)

Study of transfection efficiency of nanoparticles of polyethyleneimine (PEI) coated with peptide containing Histidine-Lysine rich sequence as non-viral vectors used in gene therapy.

Supervisor: Dr Mohammad Ramezani

Mashhad University of Medical Sciences, Bu-Ali Research Institute, Biotechnology Center

The project in six month research study: (2009)

The effect of targeting of PAMAM dendrimer with GE-11 and B6 peptides on gene delivery

Supervisor: Dr Manfred Ogris

Pharmacy, Department of Pharmacy, Munich, Ludwig-Maximilians-University of Munich, Germany

Research Interests

Development of polymer based nanoparticles (non-viral vectors) for plasmid

DNA and siRNA transfer

Formulation of drug, allergen and active natural products based nanoparticles and nanofibers.

Stem cell encapsulation, Stem cell therapy
